

BAGGED CEMENT PRODUCTS GUIDE

The right range of products for every project.

We've been making cement for the UK market since 1957, but that hasn't stopped us constantly innovating. Today, we offer more than a dozen specialist bagged construction materials to help you deliver the perfect build.

Used for projects both large and small, our products are proven to stand the test of time, bringing quality and outstanding performance as standard. From general purpose through to rapid set and postmix, whenever you need a cementitious product, we have the right range of materials to help.

MAKING CEMENT FOR THE UK MARKET SINCE 1957.

A product for every job

- General Purpose Cement
- ECOPlanet Endure Sulfate Resistant Cement
- High Strength Cement
- Super White Cement
- Postmix
- Mortar Mix
- High Performance Concrete
- Rapid Set Cement
- Hydraulic Lime
- Hydrated Lime
- Patchmac Drive Repair
- Kiln Dried Sand

Quality as Standard

We pride ourselves on offering quality products you can rely on.

All our cements are compliant with relevant British and European Standards and manufactured in accordance with ISO 9001 and ISO 14001. We have a dedicated in-house laboratory at our UK cement works in Stoke-on-Trent, and continually test our products as well as the materials used in the manufacturing process.

Our chemical scientists and laboratory technicians work hard to ensure that our specialist binders are delivering on all the strength, durability, performance and setting times required.

Packed Cement Product Range

General Purpose & General Purpose+ Cement

Everyday versatile cement suitable for a wide range of construction applications. As a 32,5R cement, it's ideal for traditional nominal mixes for all above ground site uses.

Pallet weight: 1.5tn Bags per pallet: 60 Bag weight: 25kg
Product code: 14004132 (paper bag) | 14003854 (plastic bag)

IDEAL FOR

- ✓ Mortar, render & screeds
- ✓ Concreting
- ✓ DIY applications

ECOPlanet Endure Sulfate Resistant Cement

Lower carbon sulfate resistant cement with a high strength of 42,5N. Perfect for below ground works use to prevent chloride ingress from soils.

Pallet weight: 1.5tn Bags per pallet: 60 Bag weight: 25kg Product code: 14099358

IDEAL FOR

- ✓ Groundworks
- ✓ Drainage

High Strength Cement

52,5N strength Portland cement specifically formulated for projects that demand reliable and consistent performance. Ideal where early age strength is required.

Pallet weight: 1.5tn Bags per pallet: 60 Bag weight: 25kg Product code: 14006722

IDEAL FOR

- ✓ Mortars, renders & screeds
- ✓ High strength applications
- ✓ Precast products

Rapid Set Cement

Fast hardening Portland cement for use on projects where strength and speed are key. Creates a high-quality finish in a fraction of the time it takes for a standard material to harden.

Pallet weight: 1tn Bags per pallet: 40 Bag weight: 25kg Product code: 14003855

IDEAL FOR

- ✓ Concreting
- ✓ Floor screeding
- ✓ Rendering
- ✓ Repairs

Super White Cement

52,5R high strength premium white Portland cement designed to lighten concrete and mortars. Its bright white colour provides attractive, light-coloured, architectural concrete.

Pallet weight: 1.4tn Bags per pallet: 56 Bag weight: 25kg Product code: 14004193

IDEAL FOR

- ✓ Architectural pre-cast concrete
- ✓ Decorative mortar
- ✓ Paving slabs & terrazzo flooring

Hydraulic Lime

Ideal for use in restoration and conservation projects. With good workability and high sulfate resistance, hydraulic lime can be used for all general purpose masonry works such as pointing, mortar and renders.

Pallet weight: 1.4tn Bags per pallet: 56 Bag weight: 25kg Product code: 14009080

IDEAL FOR

- ✓ Sand mortar
- ✓ Cement & lime plaster
- ✓ Rendering & pointing

Postmix

Premixed, ready-to-use post concrete mix intended for domestic use. The perfect solution for quickly securing either wood, metal or concrete posts.

Pallet weight: 1.4tn Bags per pallet: 70 Bag weight: 20kg Product code: 14008262

IDEAL FOR

- ✓ Fence post fixing

Hydrated Lime

To improve workability, water resistance, durability and cohesiveness. Can also be used to lighten and brighten mortars.

Pallet weight: 1tn Bags per pallet: 40 Bag weight: 25kg Product code: 14090981

IDEAL FOR

- ✓ Rendering
- ✓ Bricklaying
- ✓ Limewash

Mortar Mix

Premixed, high quality ready-to-use mortar ideal for laying all types of bricks and blocks plus any repair works.

Pallet weight: 1.4tn Bags per pallet: 70 Bag weight: 20kg Product code: 14090983

IDEAL FOR

- ✓ Bricklaying
- ✓ Blocklaying
- ✓ Repair & maintenance works

Patchmac

Perfect cold lay solution for repairing paths, drives and other road surfaces. Offers a quality temporary repair for up to 28 days.

Pallet weight: 1.4tn Bags per pallet: 56 Bag weight: 25kg Product code: 14090984

IDEAL FOR

- ✓ Road & driveway repairs

High Performance Concrete

Suitable for structural plus general repair and maintenance work. A quick and easy high strength concrete that's ready-to-use straight out of the bag.

Pallet weight: 1.4tn Bags per pallet: 70 Bag weight: 20kg Product code: 14008334

IDEAL FOR

- ✓ Structural concrete
- ✓ Steps, paths & bases

Kiln Dried Sand

Non-staining, clean, fine, dry aggregate to be used for filling joints in between concrete block paving.

Pallet weight: 1.23tn Bags per pallet: 49 Bag weight: 25kg Product code: 14090982

IDEAL FOR

- ✓ Patios
- ✓ Driveways
